

Brothers,

If you have already responded to the request from the Supreme Knight and our WGK Scott Popp, by emailing or calling our State Senet Representatives than I would urge you to do so again by a different means. If you called than email, if you emailed than call. We need to keep the pressure on.

The angle presented to the world by the established press was that the vote taken back on August 4th was a loss but the fact was that the vote was 53 to 46 in favor of moving forward with a defunding. What fell short by only 6 votes was the ability to prevent a filibuster by the Democratic minority that could stop the bill from moving forward. Bottom line is that there were and are more of our politicians that are prepared to stand up against Planned Parent Hood than those that would proliferate their Abortion practices.

We absolutely MUST make sure that those standing with us know that it matters and we appreciate what they are doing, and even more important to let those that would continue funding these Abortion services that this is unacceptable. Make sure all of the Senators understand that we will vote our conscience in the next election based on their performance.

We all should also know and understand that based on public statements made by the President even if we win this defunding vote he will Veto the legislation, even if the bill is passed the fight will not be over. We must be prepared to keep this up for the long haul, do not get tired and do not get lazy, ACT.

Office of Senator Dick Durbin

John C. Kluczynski Federal Building, [230 S Dearborn St # 3892, Chicago, IL 60604](#)

ACT and then Pray, and Pray some more.

God Bless you all!

Mike Jasinski,
Lecturer Council 3880
